In 1918, with the investment of \$300 for a foot-operated lathe, Vincent Bach went into the business of making mouthpieces. The business grew rapidly and in 1924, the first Bach trumpets were produced. Musicians frequently referred to a Bach trumpet as a real 'Stradivarius', thus inspiring the name Bach Stradivarius.

Choosing your Monette Mouthpiece. Three different weights. XLT - The lightest mouthpiece we make, the XLT mouthpiece is designed primarily for lead trumpet playing. Lighter weight = the brightest sound and a very easy extreme upper register. These are also the easiest mouthpieces for the player to hear behind the instrument when playing in extremely loud environments or in

unusually "dead" rooms.
