How Does Your Engine Run

The Alert Program® has boiled down complex theory to create simple, practical solutions you can incorporate into your every day living. One of the analogies we use with children is, "If your body is like a car engine, sometimes it runs on high (hyped up), sometimes it runs on low (lethargic), and sometimes it runs just right (alert and focused)."

Self-Regulation Alert Program® Online | AOTA Approved Provider

The Leader's Guide is the "whole enchilada" and contains everything needed to implement the Alert Program®: it explains the theory, along with step-by-step instructions and easy-to-implement activities. It was written to teach children how to identify and change how alert they feel, initially using the analogy of an engine. If a child is non-verbal or has special interests (such as a love ...
