Does anyone know if you can access deere wiring diagrams online? I have had no luck trying. I have a 2320 and will be adding a cab. My plan is to add lights on the cab which will be on a separate circuit from the headlights. (I hate the glare you get off the back of the bucket with the headlights). Anyway I want to tie in the dash light so they will come on with the cab lights or the headlights ...

This is a recent dialog we had with a John Deere 317 garden tractor owner about starting problems he was having. We like working on the 317's here at our shop, they are a nice sturdy older "vintage" tractor.. Q: I have a question about my John Deere 317. I replaced the ignition switch as it was getting harder to turn to the "start" position.
