Engine Overhaul & Rebuild. A bigger piston is needed. Cylinder liner – P1,500 to 3,500/pc If no bigger piston is available, replacing the cylinder liner with a smaller one and then machining out to the correct spec is an option. Rod and main bearings – P4,500 to P7,500/set These bear the brunt of the rotating force in the crankshaft so they need to be replaced.

Engine Overhaul & Rebuild - Speedlab

Machine Shop Services - Aircraft Engine Overhaul

Engine tuning is the adjustment or modification of the internal combustion engine or Engine Control Unit (ECU) to yield optimal performance and increase the engine's power output, economy, or durability. These goals may be mutually exclusive; an engine may be de-tuned with respect to output power in exchange for better economy or longer engine life due to lessened stress on engine components.

Engine tuning - Wikipedia
