Physics of the Future is a

science based book,  
however, it is not hard to  
understand or tough to get  
through. Kaku blends his  
personal experience, up and  
coming science, and the  
laws of physics to make  
bold predictions for the  
future. I would highly  
recommend this book for  
younger readers interested  
in physics or people  
interested in the future.
