For tutoring please call 856.777.0840 I am a registered nurse who helps nursing students pass their NCLEX. I have been a nurse since 1997. I have worked in a...

### **anneliese garrison - YouTube**

Modular connectors are designated using two numbers that represent the maximum number of contact positions and number of installed contacts, with each number followed by P and C, respectively. For example, 6P2C is a connector having six positions and two installed contacts. Alternate designations omit the letters while separating the position and contact quantities with either an x (6x2) or a ...
