The BMW 700 is a small rear-engined car which was produced by BMW in various models from August 1959 to November 1965. It was the first BMW automobile with a monocoque structure. The 700 was a sales success at a time when BMW was close to financial ruin. The 700 was also successful in its class in motorsport, both in its stock form and as the basis of a racing special called the 700RS.

The BMW 5 Series E60 was the second vehicle to offer BMW's iDrive in-vehicle infotainment system, following the BMW 7 Series (E65). The base system used a 6.5-inch LCD display screen, and integrated audio system controls, climate control settings, Bluetooth hands-free telephone system with a basic voice command system, and vehicle settings. Outside of North America, a basic GPS navigation ...
