### **/podcasts/ | AMA American Management Association**

Managerial accounting contrasts with financial accounting in that managerial accounting is for internal decision making and does not have to follow any rules issued by standard-setting bodies. Financial accounting, on the other hand, is performed according to Generally Accepted Accounting Principles (GAAP) guidelines.

The population of the study comprises all persons in Germany who are able to use mobile applications. The information required for this study was not available in the form of secondary data, so we collected primary data through a survey. Based on data from the national census bureau (Statistisches Bundesamt 2006), a proportionate stratified sampling approach was followed.
