Steps of the Scientific Process. The steps of the scientific process has a structure similar to an hourglass - The structure starts with general questions, narrowing down to focus on one specific aspect, then designing research where we can observe and analyze this aspect. At last, the hourglass widens and the researcher concludes and generalizes the findings to the real world.

I promised a few weeks ago that I would blog about how I write a paper from start to finish. I was hoping to have screenshots of every stage of my paper writing, but obviously doing my own research, fieldwork and travelling to academic conferences to present papers (and writing those papers in haste!) didn't allow me to do this in a much more planned manner.
