Underwater Connectors & System Solutions. In over 50 years since the company was established, TE Connectivity (TE)'s SEACON have become manufacturers of probably the largest range of underwater electrical and fiber optic connectors in the world. Founded in 1964 by Willard Brantner, the company started manufacturing underwater marine electrical connectors in San Diego in 1968.

SEACON

Underwater diving, as a human activity, is the practice of descending below the water's surface to interact with the environment. Immersion in water and exposure to high ambient pressure have physiological effects that limit the depths and duration possible in ambient pressure diving. Humans are not physiologically and anatomically well adapted to the environmental conditions of diving, and ...

Underwater Drones (ROV, USV) for sale in California | Deep ...

Application. An underwater locator beacon (ULB) or underwater acoustic beacon, is a device fitted to aviation flight recorders such as the cockpit voice recorder (CVR) and flight data recorder (FDR). ULBs are also sometimes required to be attached directly to an aircraft fuselage. ULBs are triggered by water immersion; most emit an ultrasonic 10ms pulse once per second at $37.5 \text{ kHz} \pm 1 \text{ kHz}$.

Underwater locator beacon - Wikipedia
